✉ shahzod.dv@gmail.com

📍 Tashkent, Uzbekistan

⎔ github.com

OBJECTIVE

My goal is to work alongside experienced developers, learn new techniques, and contribute to the team's success. I seek to enhance my coding skills, gain valuable experience in developing scalable systems, and build a strong foundation for a fulfilling career in Backend development.

SKILLS

- Python, OOP, Django
- PostgreSQL, Git
- Heroku, AWS, Netlify
- HTML, CSS, JavaScript
- Telegram Bot
- Problem-Solving
- Strong Communication

EDUCATION

PYTHON DEVELOPMENT

Mohirdev – Tashkent, Uzbekistan
2022 - 2023

BACHELOR OF MARKETING

TSUE - Tashkent, Uzbekistan
Expected, June 2023

EXPERIENCE

BACKEND DEVELOPER

Telegram Bot

January 2023 – February 2023

- The bot downloads youtube and instagram videos
- Used packages aiogram, pytube, requests
- API from Rapid page was used to download Instagram videos

FRONTEND DEVELOPER

Portfolio website

March 2023 – Aprel 2023

- The website is responsive meaning it adapts to different screen sizes and devices
- Designed page using HTML, CSS, JavaScript
- Scroll reveal was used to make the site open in a nice way

Blog App

Aprel 2023 – May 2023

- Developing the back-end of the app using Django, including creating models, views, and templates.
- Overall, it was a rewarding experience that allowed me to enhance my skills and contribute to the development of a useful app.
